

TABLE OF CONTENTS

S.No	Topic	Page
01	Finding sum of two integers	01
02	Finding out the area and perimeter of a rectangle	01
03	Input three decimal and find their sum and average	01
04	Input two numbers and swap them.	02
05	Convert temperature in Celsius to in Fahrenheit	03
06	Simple arithmetic calculator using user defined functions	03
07	Check an integer whether it is odd or even	04
08	Find greatest of 3 integers.	05
09	Find 2nd greatest of 3 integers	05
10	Input a number and find its absolute value.	06
12	Solve a given quadratic equation (Real roots)	06
13	To calculate the electric bill using given conditions	07
14	Print 1 to 100	07
15	Print 100 to 1.	07
16	Find Factorial of a number	08
17	Find sum of n natural numbers	08
18	Check whether a number is Prime or not.	08
19	Input a number n and find:	09
--	a - Fibonacci series up to n	--
--	b - The nth Fibonacci number	--
--	c - First n Fibonacci numbers	--
20	Check whether a number is Perfect or not	11
21	Check whether two numbers are co-prime or not.	11
22	Checking Gold Bach Conjecture	12
23	Find the sum of the digits of a number	13
24	Find the Reverse of a number	14
25	Check whether a number is Armstrong or not	14
26	Check whether a number is Krishnamurti or not	14
27	Print the given pattern	15
28	Print the given pattern	17
29	Print the 'X', 'N', 'Y', 'Z' with 'star'(*)	18
30	To print - 2 1 3 2 5 3 7 5 11 8 13 pattern	20
32	Find the sum of 1st n prime numbers.	21
33	Input a number and check if it a Krishnamurthy number	22
34	Print the Non-Fibonacci series	23
35	Input the values of n and r and calculate nCr.	23
36	To input n numbers from user and display those.	24
37	To input n numbers and find their sum	25
38	To find the biggest of n numbers and its position	25
39	To input list of no.s and search if particular present	26
40	Previous problem using binary search.	27
41	Find the factorial of a number using function	41
43	Draw the Pascal Triangle	28
44	Find factorial of a number using recursion	29
45	Sum of n natural numbers using recursion	30
46	Find a^b using recursion	30
47	Print Fibonacci series using recursion	31
48	Input two numbers and find their GCD using recursion.	31
49	Input two strings and concatenate them.	32
50	Input a string and reverse it.	33
51	Finding no. of vowels, consonants, etc.	33
52	Check a string palindrome or not.	34
53	Find reverse of a string.	35
